**Subject:** HWY 93 zoning

Dear Commissioners,

Please consider this a plea for you to get involved and start the zoning process of HWY 93. I would like to see a smart and ongoing endeavor to keep our highway from turning into Reserve Street.

We have a beautiful valley here and welcome industry both commercial & manufacturing. But let's take into consideration the economical and ecological impact of non-zoning. Do we want too much competition to devalue our local businesses and create a ghost town Main Street? What about traffic and water issues? How about those unsightly billboards and parking lots without landscaping to help blend them into the scenery?

This may not be eloquently written, but you probably are catching the drift here.

I support your positive actions in this.

Sincerely,

Laura L. Henderson
